

Employee Assistance Programme (EAP)

We recognise that all employees may need additional support and guidance, not only whilst they are working, but also sometimes in their personal lives. Therefore, we are pleased to be able to inform you about our Employee Assistance Programme (EAP).

Education Support is our EAP provider, which offers a complete workplace and personal support service, all in the strictest confidence and on an individual basis. Whether an employee requires confidential information or advice with home or work matters, or more specific counselling relating to physical or mental health concerns, the telephone and online services can assist. Support is available via both online (edsupport.org.uk/onlinesupport) and Freephone (08000 856148) services, 24 hours a day, 7 days a week and 365 days a year.
