

# **The Four Stones Multi Academy Trust Health and Safety Policy during the coronavirus (COVID-19) outbreak**

The MAT's Health and Safety Policy is unchanged during the coronavirus (COVID-19) outbreak, except for the following temporary changes:

- The MAT will follow all current Government guidelines and the Trust Estates and Facilities Manager along with the Chief Operating Officer will liaise with the relevant outside agencies ensuring their implementation.
- Appropriate Personal Protective Equipment (PPE) will be provided free of charge for employees where the risk assessment suggests it is necessary.
- All current risk assessments and policies must be read in conjunction with the individual school's coronavirus (COVID-19) risk assessment and management plans.
